## **Top Tips for Choosing The Perfect Sofa**

### ***Is it Comfortable?***

Sit on the sofa to see if you're happy with its depth.

### ***Sofa Fillings***

Feather-filled cushions are luxurious but foam/fibre cushions are more about comfort and longevity.

### ***Springs***

When shopping for your sofa, lift the cushion from the base and feel the springs through the upholstery they should be close together and firm.

### ***Fabric Choice***

Loose covers on fabric sofas are useful as they can be removed for the purposes of cleaning. Spot cleaning is usually possible too on high-quality fabric sofas.

### ***Sizing***

Awareness of sofa dimensions are important in order to prevent a situation whereby a sofa is delivered to a property and it's too big to fit in the doorway of the home.
