## Premium Gel Mattress

### FIRMNESS RATING

**MEDIUM FIRM\***

\*This is a guideline only.  
Allow for personal assessment

### STYLE

Roll-Up Mattress in a Box

### TOP LAYER

Copper Gel Visco: Phase change gel beads have capacity to absorb, store and release heat.

### MID LAYER

Foam designed to cushion the sleeper from the foundation foam. Provides a resilient mid mattress transition layer between the comfort zone on top and the spring system below. Helps prevent "bottoming out" to the firm foundation layer

### BOTTOM LAYER

190mm foundation foam layer specially formulated to provide a solid foundation.

### REMOVABLE COVER

Zip removable and 40° machine-washable cover. 100% chemical free FR treatment / Polyester 100%. A modern chemical free FR cover that is soft, breathable and manages moisture well to promote natural temperature regulation. Polyester fibres add strength and durability to the cover.

### SPECIAL FEATURES

- Foam layer provides essential deep support, helps prevent the sleeper "bottoming out" the mattress and helps maintain the mattress in shape over lifespan
- Dispatched in 1 – 3 working days
- Sustainable packaging

### HEIGHT
